IDEAL FOR SEPTIC SYSTEMS AND ONSITE WATER MANAGEMENT SYSTEMS

VERSATILE AS SAFE ON MOST SURFACES

REDUCES SCALE AND WATER MARKS IN WASHROOMS AND WET AREAS

DESCRIPTION

Pari Bathroom Cleaner is a washroom cleaner infused with Kakadu Plum, Lemon Myrtle, Quandong and Eucalyptus Oil. Lemon Myrtle is recognised by the aromatherapy industry for its uplifting freshness, it's water soluble actives and strong cleaning properties leaves all areas clean and smelling fresh. Eucalyptus Oil is recognised antibacterial, grease cutting and cleaning properties.

Pari Bathroom Cleaner can be used to clean bathrooms, toilets, showers and tiles and will tackle the dirtiest of bathrooms to reduce soap scum and reduce scale and water-marks often found in high water areas. Pari bathroom cleaner contains a blend of natural ingredients and is safe for most hard surfaces and is gentle on septic systems.
Pari (pronounced bar-ee) = River. We thank Kaurna Warra Karrpanthi for allowing us to use Kaurna language within our business. Our Lemon Myrtle is harvested from the Northern Rivers of NSW, our Quandong is sourced out of South Australia, our Eucalyptus Oil is 100% Australian, while our Kakadu Plum is supplied by the Bardi People of Lombadina in the Kimberley region of WA.

FIRST AID

This product is acidic. Avoid contact with skin and eyes. Wear protective gloves and eye protection when handling undiluted. This product should be used by trained personnel. Do not mix with other chemicals. Ensure PPE is worn during drum changeovers on dosing equipment in case of splashing. If poisoning occurs contact a Doctor or the Poisons Information Centre. If swallowed do NOT induce vomiting, give water. If skin contact occurs wash affected area and remove clothing. If in eyes, hold eyes open and flood with water for a minimum of 15 minutes. Call a Doctor. Refer to Safety Data Sheet for more information.

DIRECTIONS FOR USE

Heavy Duty - dilute 100ml per litre (10:1), use at 200ml per litre on urinals (5:1), for stubborn stains or deep cleaning use undiluted. Light Duty - dilute at 25ml per litre (40:1).

Apply solution and work to foam, allow to stand for 3-4 minutes for ingredients to become active. Re-scrub and rinse with fresh water to remove residues.
