

Safelock™ Ultra DISHMATIC L PLUS

PREMIUM WAREWASHING DETERGENT

Concentrated detergent liquid with inhibitors to prevent scale build-up.

PRODUCT FEATURES & BENEFITS

- Safelock Packaging
- Superior cleaning performance
- Emulsifies grease & oils
- Scale inhibitors to reduce descale needs
- Suspension agents to prevent soil re-deposition

PRODUCT INFORMATION

DISHMATIC L PLUS is a non-foaming, caustic detergent with inbuilt water softeners and corrosion inhibitors to prevent scale build up.

DISHMATIC L PLUS contains highly effective dispersants to prevent redeposition of soils onto surfaces and increase performance.

Safelock 2x5L packaging

Meets Environmental Criteria

Suitable for use in food preparation establishments

Appearance = Clear liquid

Shelf Life = 2 years

PRODUCT USE

Safelock Packaging is a sealed system to stop free pouring or spilling. DISHMATIC L PLUS must be used with a dispensing solution for maximum benefits.

For best results, use in conjunction with either RINSE AID or QUICK DRY.

DISHMATIC L PLUS is designed to be applied through an automatic dispenser unit with a warewashing machine.

It is generally recommended that DISHMATIC L PLUS be used in quantities varying from 1 to 2 mL per litre.

The quantities may vary according to individual requirements. The quantities may need to be increased in areas where the water is exceptionally hard.
