

PRODUCT INFORMATION SHEET

PRO FLIGHT

PRODUCT DESCRIPTION

Pro Flight is a high-performance chlorinated dish machine detergent. Pro Flight is formulated for commercial dish machines and can be used in both door and conveyor type (flight) machines. Pro Flight is ideal in café's, restaurants, bar areas, commercial kitchens and can also be used in food manufacturing facilities on items such as crate washers and large dishwashers in the commercial food preparation sector.

DIRECTIONS FOR USE

For best results use in- conjunction with an automatic dispenser. If the dish machine unit is not equipped with an automatic dispenser then the product may be hand dosed. For **initial** fill add 125mls (1/2 cup) per 10L of water into the wash tank. Then to **maintain** add 20ml (1 tablespoon) of liquid every 3 washes.

For best results ensure that the tank is emptied and cleaned at the end of each shift.

For best results use in conjunction with Nowchem Rinse Aid to assist in streak free drying of plates, glassware and cutlery.

FIRST AID & SAFETY

Considered a hazardous product as product can irritate eyes. Use caution or wear eye protection when handling neat undiluted product. Keep out of reach of children. If swallowed seek medical advice, do NOT induce vomiting, give water. If skin irritation occurs wash affected area with fresh water and remove clothing. If in eyes, hold eyes open and flood with water for a minimum of 15 minutes. Call a Doctor if necessary.
