## POLYETHYLENE FOOD WRAP & FREEZER FILM

### GLAD® Wrap

POLYETHYLENE FOOD WRAP

Seal in freshness and flavour.

### GLAD® Go-Between

HIGH-DENSITY FREEZER FILM

Prevent food from sticking in the freezer.

HACCP Australia's evaluation of GLAD® Wrap (PE-190-TM-01) concluded they satisfy all requirements in accordance with the standards of HACCP Australia Food Safety Accreditation Systems

## GLAD® Wrap

- ◆ GLAD Wrap is premium in quality and performance.
- ◆ GLAD Wrap seals in freshness and flavour for longer term storage.
- ◆ Safe – will not taint cheeses or oily foods and prevents odour transfer.
- ◆ PE barrier prevents freezer burn and is suitable for microwave usage.
- ◆ End-of-Roll reminder so you won't run out of wrap.
- ◆ An easy-to-remove Start-of-Roll sticker and a wide opening on the top of the pack offer easy access.
- ◆ Dispenser pack includes a traditional blade cutter and the Safe-T-Cutter – a quick, efficient non-blade cutting tool that's easy and safe to use and reduces the risk of injury in the busy commercial kitchen or other professional environments.

## GLAD® Go-Between

- ◆ GLAD Go-Between allows you to portion control your fresh or frozen food by placing sheets of GLAD Go-Between between single layers of steak, veal, chicken breasts or schnitzels, fish fillets or even rashers of bacon
- ◆ GLAD Go-Between is ideal to place between fresh fillo pastry sheets
- ◆ GLAD Go-Between is ideal for placing on top of food in bain-maries and mobile heated cabinets for protection, before serving
